

PROJECT REPORT

Segmentation of Chronic Wounds

Cay Rahn

6255648

Course: KEN4244 Deep Learning for Image & Video Processing

Academic Year: 2023/24

November 16, 2023

1 Introduction

1.1 Motivation

1.2 Motivation

1.3 Prior Experience

- Strong programming background (B.Sc. in Computer Science, 3 years work experience in web development with Python)
- no prior experience with Deep Learning beside the content of the course Advanced Concepts of Machine Learning
